

CARRERA CONVICT PRISON “DE OFF SHORE CALYPSO TENT”, 2020 FOLLOW UP—8/Feb/2020.

This **THIRD** Prison Inmate Engagement for 2020 and the **FIRST** at CARRERA has confirmed to me that we are on the right path as men, concerned with SUSTAINABLE DEVELOPMENT in TT.

Before going to Carrera, I had to meet with the NALIS Management team at the Women's Prison in Arouca and overheard conversations on our Man Reach TV Programme on Gayelle Caribbean, Tuesday the 4th day of February, 2020 and it was a pleasure to hear that they were pleased with **this innovative approach to sharing, providing quantity and quality, with privacy after the on air time and giving Sponsors the opportunity to choose their Topics and Men to talk for them.**

On CARRERA, the same conversations were overheard, 2 persons telling me personally that they are looking forward to the future **TV Land Talk** and the confidentiality aspect of the **OUTREACH**.

As such I have attached below my **REPORT TO IMDTT** and the photographs taken by IMDTT Director Elect Ray Brathwaite, using his long, outstanding status with the Prison Service.

Afterwards I reached in time to hear the **Feature Address by Senator Paul Richards** at the **Family Planning Association's**, REPORT TO THE NATION 2020 and enjoyed the company of these progressive ladies, doing yeoman service in their respective domains, for so many years.

Of course, I asked Senator Paul to share his very informative FEATURE ADDRESS with me.

**In addition, the CEO Donna De Costa Martinez and I agreed to have a meeting to engage their outreach of Sexual and Reproductive Health and Rights SRHR, with this MAN REACH at the Prison Service Locations, wherever and whenever that can be made possible.**

Already they have related, very important and informative handouts, which can be placed immediately in all the Prison Libraries, for the continued development of the Inmates.

Spoke also the Head Lecturer with the FPA, promoting Parenting Education and asked her to consider A 3 LEVEL HOLISTIC POSITIVE PARENTING COURSE, not only for the **Inmates**, but also for the **Outmates**, deprived of that guidance for years.

She will meet with the President of the Parent Teachers Association and start a discussion on same. **Such an Outreach at PRESENT, is not in our Homes, in our Schools, in our Universities and that must stop from 2020 and beyond.**

PARENTING IS THE MOST IMPORTANT OCCUPATION IN THE WORLD and no formal training is located anywhere. If the authorities cannot get on the page for SUSTAINABLE DEVELOPMENT of our beautiful Trinidad and Tobago, we have to change those authorities when the opportunity arises. .
